

NCR EasyPoint™ 42

Making self service
exceptional
service

- Small footprint
- Rugged construction
- Superior serviceability
- Intuitive operation

The NCR EasyPoint 42 kiosk is a compact, flexible, and reliable self-service device. Built on industry standards, the NCR EasyPoint 42 supports both web-based applications and standard Microsoft® Windows® applications, and delivers motion-picture quality video and multimedia. The flexible NCR EasyPoint 42 can be configured to your business needs through a range of processing, display, printing, mounting and peripheral options.

Good Things Come in Small Packages

Choice is the cornerstone of a flexible solution, and the NCR EasyPoint 42 delivers superior versatility in a compact and secure footprint that is surprisingly smaller than PC-based kiosks. Leveraging an Embedded ATX motherboard, the Intel® Pentium®4 processor and the latest Microsoft operating systems, the NCR EasyPoint 42 delivers outstanding performance. NCR offers a full range of peripherals with patented packaging and mounting options to provide you with a comprehensive solution to your self-service needs. This combination of performance, packaging and mounting enables easy installation virtually anywhere, including a tabletop, shelf, pole, wall or pedestal.

Robust and Durable for Years of Dependable Service

To ensure the highest quality, reliability and safety, the NCR EasyPoint 42 undergoes comprehensive environmental and

compatibility testing and is manufactured under strict NCR standards. Unlike general purpose PCs that are constantly changing, the retail-hardened NCR EasyPoint 42 offers a stable, managed platform. Utilizing embedded components from Intel and other suppliers, the NCR EasyPoint 42 supports longer lifecycles for superior investment protection.

Easy to Service

The NCR EasyPoint 42 was designed to dramatically decrease repair times by implementing unprecedented accessibility and ease of service. The NCR EasyPoint 42 requires minimal tools for most regular maintenance, while providing security to ensure only authorized access. The placement of components on user-friendly “sleds” makes all

NCR EasyPoint™ 42
